A CANADIAN REMEDY

For Costiveness, Irregula. ay and Debu of the Digestive Organs, Inducing Headache, assitude, Nervousness, General Prostration of the Mind and Body, Paralysis, &c.

A moment's reflection ought to convince a sensible man of the folly and danger of constantly doring with Cathartic Medicines. The practice is permicious and suicidal. An experience of forty years has taught me that the constantly increasing evils of indigestion are fearfully aggravated by the too free use of Cathartics. The American people are fast becoming a nation of dyspep-ties by their artificial modes of life. Drastic Catharties increase the irritability, and prostrate the strength of the

digestive organs

The Pills now offered are especially designed to allay this irritability, and at the same time to invigorate and strengthen all the functions of digestion, while they are gently laxative. They are anodyne, tonic and laxative. They are so mild and invigorating that one is not reminded by any disagreeable effects that he has taken medicine. Business Men, Students, Professional Men, Females, and all persons leading a confined or sedentary life, should try them. digestive organs.

The undersigned Physicians, cheerfully certify to the high professional standing of Dr. Colby of Stanstead, one of the oldest and best Physicians, and to the excellent qualities of his 'Anti-Costice and Tonic Pills,' which we have used in our practice, and highly approve.
